estates forum

the sustainable buildings & estates forum

20th & 21st June 2019 at Whittlebury Hall, Northamptonshire

meet. connect. do business.

A real opportunity to do business

The sbe forum gives you unprecedented access to key decision makers who are notoriously difficult to schedule time with.

Through a tailored schedule of pre-arranged meetings we enable you to develop relationships that pave the way to real business.

A proven model

We are the only organisers of sector specific forums connecting suppliers with those involved at every stage of the building lifecycle; architects, contractors, local authorities and estates teams across education, healthcare, leisure, residential, and commercial sectors. From planning, design and construction of new facilities to the operation, maintenance and renovation of existing stock.

Accelerating the delivery of sustainable buildings

Sustainable development of our built environments is no longer a 'nice-to-have'. If we don't urgently accelerate our bid to reach the target of zero net emissions by 2050 the results will be catastrophic. Given that it's estimated that buildings in developed countries account for more than 40 per cent of energy consumption over their lifetime - taking into account the production of raw materials, the energy required for construction, operation and maintenance - it's urgent that buildings become part of the solution.

Delegates working on projects in healthcare, higher education, commercial, retail, leisure and public & private residential sectors will be attending this year's sbef.

Our project delegates want to meet with suppliers of...

Air handling/natural ventilation, biomass, BREEAM & Soft Landings, CHP, cladding & curtain walling, doors, energy management, flooring, furniture/ furnishing, green infrastructure, green roofs, lighting, offsite systems, paints – low VOC, Passivhaus, recycled materials, renewable, energy & energy efficiency, roofing, solar, taps & water saving systems, walls & ceilings, water recycling & saving, windows/glazing products and many more...

Types of sectors represented include...

Residential & commercial properties, schools, colleges & universities, hospitals, care homes, leisure & sports venues, hotels, airports, offices, prisons, holiday & leisure parks and many more...

We look forward to working on several new, exciting projects as a

result of the forum. The informal, yet professional vibe throughout

provides an excellent networking opportunity; the quality of

the delegates made for some fascinating conversations and

new connections." GEYSER THERMAL ENERGY LTD

What you get

- Tailored meetings scheduled pre-event
- Overnight executive accommodation
- All refreshments & meals including the gala dinner
- Entry to all keynote seminar sessions
- Full page company profile in the event directory
- Contact details of all delegates at the event

Single delegate:

Minimum 14 x 20 minute pre-selected meetings

Double delegate:

Minimum 18 x 20 minute pre-selected meetings

Sponsorship packages available - From branding to promotional emails, enhance your presence and stand out from the crowd, ensuring your company is at the forefront of every delegate's mind.
